

Friends of Essington 19th September Essington Clean

Today FOE organised the event after cancelling the March Village spring clean due to Covid-19. The event had to be organised to eliminate mass gathering. To enable this, pre-arranged groups of 5 persons were situated around the village. We thank all who participated today especially;

- Scouts & Guides for the use of their grounds for storage of the collected rubbish to be taken away on Monday.
- Hilton Main Construction for the use of their truck & driver Liam who was a great help.
- Alveston's Jamie Harper for collecting rubbish in Bursnips Road.
- Essington Rugby Club collecting litter at their ground.
- Street Scene for supplying gloves & bags and collecting the waste on Monday 21st

Adrian Nicklin FOE Committee Member

- A small litter pick was also held in Westcroft concentrating only on Old Hampton Lane, this due to social distancing. A large number of bags were gathered and arrangements were made for them to be collected by the council. A very successful morning thanks to South Staffs Council for their support and everyone involved.
